

Nancy Little has been with IHG since 1991 and has worked closely with hotels, sales, and technology to enhance and support GDS products and third party intermediaries. She is currently the Manager of Partner Products within the IHG Product Management Group based in Atlanta, Georgia. She leads a team of Product Managers and Business Analysts who are focused on maintaining and enhancing existing partner connectivity and developing new XML connectivity for third party intermediaries.

Nancy currently serves on the HEDNA, Hotel Electronic Distribution Network Association, Board of Directors, and serves on the Conference Committee, Education Committee and Tour Working Group. She also serves on the Pegasus Advisory Board, Sabre® Travel Network Hotel Operational Advisory Board and is a member of OTA.

She began her career with Eastern Airlines holding various positions within the reservation area including new employee training and System One agency training specialist.
